

Be With Us at BIG 5G Event

Austin, USA, 15 May 2023 - 17 May 2023

What if we tell you that soon we will have an opportunity to meet in Austin, Texas, in the United States? **We hope you are already looking forward to attending the BIG 5G Event, which will take place from May 15-17, 2023.** Let's gather in Austin Convention Center to discuss the advantages and challenges of 5G networks. Comarch is a gold sponsor of the event, so we will for sure meet in person there.

This year's edition of the BIG 5G Event is focused on defining cloud and network evolution strategy. Each year, leading executives gather in North America for the event, to analyze the market and create ideas for the future of the entire industry.

This time, will be a chance to discuss the following topics:

- Private networks
- Enterprise services
- 5G RAN evolution
- Telco cloud and 5G core
- Edge technologies and monetization
- Fiber access, FWA and the digital divide
- The roadmap to 6G
- Women in Telecoms

During the first day of the event, **Bartosz Nowakowski, Senior BSS Solution Manager at Comarch**, will take part in the discussion panel entitled *"Winning enterprise 5G go-to-market strategies"*. Save the date: May 15, at 14:40 CDT, and don't miss your opportunity. It will also be a great joy for us to meet you during this event.

If you want to ask Comarch's experts about trends, news or ways to overcome industry challenges, we invite you to visit our booth, **number 115**. Good company guaranteed.

[Visit the event website](#) to see more details. Interested in attending? Comarch, as a gold sponsor, has **free passes for telco operators**.

If you have any questions, or want to schedule a meeting with our team, please contact our event coordinator, Agata Wolska, at agata.wolska@comarch.com.
