Visit Comarch at TM Forum's Innovate Americas 2024

Dallas, USA, 24 Sep - 25 Sep 2024

We are delighted to announce that **Comarch will be a Silver Sponsor at the upcoming Innovate Americas event, which will take place on September 24 and 25 at Gilley's Dallas.** The event promotes innovation and technology growth across the Americas, focusing on the latest trends and advancements shaping the future of industry sectors.

Innovate Americas is a conference hosted by TM Forum, focused on the evolving role of AI and automation in the Americas. The event offers practical roadmaps, innovation toolkits, and partnership explorations tailored to organizations entering the realm of AI. It provides a platform for participants to engage in discussions and turn ideas into action to drive real-world impact on the future of telecommunications in the Americas.

As a Silver Sponsor, Comarch will contribute to the conversations around technological advancements in network reliability. **Paweł Łopata, OSS Pre-Sales Consulting Director, will represent our company during a "Enhancing Network Reliability: Leveraging GenAI for Fault Detection and Problem Resolution" discussion panel. It will be held on September 24, at 16:20 CDT in The AI Auditorium.**
This discussion will broaden the knowledge of how integrating Generative AI technologies revolutionizes fault detection mechanisms, significantly enhancing network reliability and performance across various sectors.

Additionally, **our team will be present at this event at stand number 10.** Do not hesitate to visit them for insightful discussions on technological trends and business opportunities.

Sounds interesting? You can find more information and the registration form on the [official event website.](#)
