

Join Comarch at UTC Telecom & Technology Conference 2024

Mobile, USA, 20 May 2024 - 24 May 2024

We are thrilled to announce that **Comarch will be a Platinum Sponsor of the UTC Telecom & Technology Conference 2024. The event will be held from May 20 to 24 at the Mobile Convention Center in Mobile, Alabama, USA. Visit us at stand number 1221, where we'll showcase our latest innovations.**

The UTC Telecom & Technology Conference is a highly regarded gathering for professionals from the utilities and telecommunications industries. It provides a platform for leaders in these sectors to exchange ideas, explore emerging technologies, and tackle the challenges. This year's event will feature various seminars, workshops, and exhibitors covering cybersecurity, grid modernization, smart cities, and more.

During the opening social reception, we are delighted to offer an open bar to all our esteemed participants, providing an excellent opportunity for everyone to network and unwind in a relaxed atmosphere.

That is not all we have prepared for this event. **We also invite you to attend our presentation entitled "Why Does It Take So Long to Make Changes to My Network? Implementing an Operations Support System (OSS) at Pacific Gas & Electric", hosted by David McKinnon, Principal Project Manager at Pacific Gas and Electric Company and Paweł Łopata, Head of OSS Consulting at Comarch.** The lecture will be a part of the new Telecom Networks track focusing on education and **will take place on May 22 at 10:50 am.** Don't miss this opportunity to hear from Paweł and David as they share their expertise and provide insights into the implementation of Comarch products at the American utility service provider.

For more information and registration form, please visit the [official event website](#).

Are you interested in learning more about our solutions or discussing potential collaborations? Contact our Director of Business Development, Piotr (Peter) Stoklosa, at Piotr.Stoklosa@comarch.us to schedule an appointment during the event. We look forward to meeting you!
