Join Comarch at the Utilities Technology Forum 2024

We are excited to announce that Comarch has become a proud platinum sponsor of UTC's Utilities Technology Forum 2024, a gathering of experts from the utilities and telecommunications sectors. **Meet us between February 11 and 14, 2024, at Silver Legacy Resort Casino in Reno, United States.** The main purpose of the event is to promote knowledge and synergy between the two fields and discuss new solutions that could benefit both industries.

This year's education program focuses on up-to-the-minute content focused on the critical needs of Utilities Technology Council (UTC) members and stakeholders, composed of representatives of utilities and energy companies, as well as technology vendors and service providers.

Our representatives, **Piotr Stokłosa, Director of Business Development, and Paweł Łopata, Head of OSS Consulting**, will be participating in this exciting event as speakers for the "Telecom and Utilities Collaboration: A Unified Approach to Critical Communication Beyond the Grid" panel on **February 14 at 08:20 am**. We encourage you to attend their presentation, in which they will discuss the ways telecom and utilities can aid each other's missions.

Moreover, **Comarch will be present at stand number 414**. Meet us there for inspiring discussions, and to find out how Comarch's innovative products and services can aid your business and help you shape the future of utilities technology.

For a registration form and to see the full agenda, please visit the **official event website**.

If you have any questions or want to schedule a meeting, please contact our event coordinator, Anna Cyganik, at anna.cyganik@comarch.com.
